PURSUANT TO 37 C.F.R. §§ 1.97 AND 1.98

Dear Sir:

Applicants submit herewith Form PTO-1449, "Information Disclosure Statement." Copies of the non-U.S. cited references are being provided with this filing. A copy of the International Search Report from the parent application PCT/IE2003/000150 is also enclosed.

Since this Statement is being filed within three (3) months of the filing of this National Application, no fee is necessary.

Applicants are submitting this art pursuant to their duty of disclosure under 37 C.F.R. §1.56. However, submission of this art and statement is not an admission that any item identified contains matter anticipating the invention or rendering the invention obvious to a person of ordinary skill in the art. Further, Applicants believe none of the art submitted herewith, alone or in proper combination, discloses, teaches or suggests the invention claimed by Applicants.

The citation of a reference herein is neither an admission that the reference is sufficient to teach one of ordinary skill in the art how to make or use the subject matter thereof nor an admission that reference is material to the patentability as defined in 37 C.F.R. §1.56(b).

Moreover, submission of these references is not an admission that any of the references constitutes statutory prior art or has an effective date prior to Applicants' effective date of invention.

Applicants specifically reserve all rights of privilege and confidence with respect to this matter. A submission of this document is not to be construed as a waiver of those rights. In addition, the filing of this Statement is not to be construed as a representation that a search has been made by Applicants or counsel.

Respectfully submitted,
